

Terms of use

General conditions of use, particularly of published information and any technical documentation and Internet downloads from the Industria Sigrama websites

1. SCOPE. These conditions of use are valid for all branches and areas of Industria Sigrama that are mentioned on its website (hereinafter called "Sigrama").
2. USE OF DATA. No modification of the content or its disclosure, even in the form of extracts, is permitted without the written authorization of Sigrama, they may only be used in accordance with these provisions and conditions, or according to the provisions and conditions of the technical specifications (e.g. datasheets) and/or as indicated in the text of the website. The contents of the Sigrama websites and the information available there for download, as well as the technical documentation, may be downloaded, saved, and printed for the purpose of obtaining information. The disclosure of such information for public or commercial purposes, or any other use other than that indicated, is prohibited unless authorized in writing by Sigrama.
3. RIGHT OF USE. The content of the Sigrama websites is protected by copyright law. Unless otherwise indicated, all logos and marks, marks, data sheets, technical documentation, data, illustrations, and information are protected by copyright (registered or unregistered).
4. ASSIGNMENT OF RIGHTS. With the exception of the limited rights of use mentioned above, no other rights of any kind are granted. In the event that Sigrama grants written authorization for a broader use that differs from what is stipulated in the previous clauses, the extent of the authorized use follows exclusively from this written authorization statement.
5. VALIDITY OF THE TECHNICAL INFORMATION. The reception or download of technical documentation (in particular, user documentation) does not imply that Sigrama is obligated to inform about possible product changes or technical documentation. It is the user's responsibility to check the suitability of the products for the intended purpose, particularly with regard to compliance with current regulations and laws. All the information contained in the technical documentation is provided without any explicit, implicit, or tacit guarantee for possible errors.
6. RESPONSIBILITY. *Sigrama declines all responsibility for errors in data and technical documents and for damage or viruses that may affect the PC, equipment, or other property of the person who opens or downloads the information. The aforementioned disclaimers and limitations*
